

KALISA NGABO Clay

Resume

📍 Kigali rwanda

📞 [0789809000](tel:0789809000)

✉ kalisa.n.clay250@gmail.com

Skills

Software development

C++, html, java, Figma, css, java script, python, Visual basic, Postman

Interests

I am interested in learning on how things works, particularly in computers. I'm trying to improve myself.

Languages

Kinyarwanda, English , French

Fluent in all three

BIO

I discovered my love for coding at a young age, tinkering with HTML and CSS to build simple web pages. Over time, I delved into more complex languages like Java, Python, and JavaScript. Whether it's creating a sleek website or solving algorithmic puzzles, I find joy in the process. As a Senior 5 student at Lycee de Kigali, I continue to explore new technologies and enhance my coding abilities.

Profiles
